Our services explained

The "D.I.Y Wedding" package

The initial welcoming of your guests

Our staff will dress a drinks reception table with linen and glassware. Meanwhile, bartenders will be preparing the main bar.

Drinks will be pre-poured and prepared for the arrival of your party.

Drinks will be free flowing and served in a mixture of "Grab & Go" & top-up tray service. *

The drinks reception will be held in a focused area away from the dining tables and main bar.

The main meal & speeches section

Staff will chill, uncork and display wines, ready to be served throughout the section.

Guests enjoy attentive table service, from our team of experienced bar staff where wine is poured and bottles are left on the tables, for self service & replenished when empty.

Staff will ensure waters are filled at each table.

Staff will pour toast drinks, for the speeches.

The first dance & the BIG PARTY

We will build one or more of our bespoke mobile bar units in situ, in advance of the wedding.

Staff will run the bar all night and keep on top of glass collecting.

Wine is removed from the tables, taken out of circulation and put away safely, before the start of this section*

Our bar can serve; Draught, Spirit & Mixers, Cocktails, our choice of wines, soft drinks and bottled beers.

If you choose the pre paid wine upgrade, wine will be removed from the tables and stored behind the bar. It will be available for no charge to your guests until it runs out.
